Difficulty Level : Moderate

Response : 3

Status : Correct

- Option 1 : Water Availability
- Option 2 : Internet Availability
-   Option 3 : Power Efficiency
- Option 4 : Data Loss

Q8.Which one is not one of the Cloud based services

Difficulty Level : Moderate

Response : 4

Status : Correct

- Option 1 : Private Cloud
- Option 2 : Public Cloud
- Option 3 : Hybrid Cloud
-   Option 4 : Enterprise Cloud

Q9.Which is the Cloud Service where company owns the infrastructure

Difficulty Level : Moderate

Response : 1

Status : Correct

-   Option 1 : Private Cloud
- Option 2 : Public Cloud
- Option 3 : Hybrid Cloud
- Option 4 : Enterprise Cloud

Q10.Advantages of Public Cloud Services

Difficulty Level : Moderate

Response : 5

Status : Correct

- Option 1 : Scalability
- Option 2 : Hardware on Premise
- Option 3 : Inexpensive and easy to setup
- Option 4 : No Resources are wasted
-   Option 5 : Option 1,3 and 4

Q11.Amazon Elastic Compute Cloud is an example of Public Cloud

Difficulty Level : Moderate

Response : 1

Status : Correct

-   Option 1 : TRUE
- Option 2 : FALSE

Q12.Prime difference between Public and Private Cloud is

Difficulty Level : Moderate

Response : 2

Status : Correct

- Option 1 : Hardware used
-   Option 2 : Deployment Location
- Option 3 : Software used

Option 4 : All of the above

Q13.In Public Cloud Customer pay based on their usage

Difficulty Level : Moderate

Response : 1

Status : Correct

☞✔ Option 1 : TRUE

Option 2 : FALSE

Q14.Prime Factors to consider while deciding between Public and Private Clouds

Difficulty Level : Moderate

Response : 4

Status : Correct

Option 1 : Elementary Expense

Option 2 : Volume of Data

Option 3 : Performance Expectations

☞✔ Option 4 : All of the above

Q15.Full form of Paas is

Difficulty Level : Moderate

Response : 2

Status : Correct

Option 1 : Product as a service

☞✔ Option 2 : Platform as a service

Option 3 : Public as a service

Option 4 : Property as a service

Q16.Forrester in 2010 said Cloud service Business will cross \$241 Billion by 2020

Difficulty Level : Moderate

Response : 1

Status : Correct

☞✔ Option 1 : TRUE

Option 2 : FALSE
